Press Release

Eye of Horus has another new home! Eye of Horus is now within reach to fitness and beauty goddesses who love easy and long-lasting make-up looks. We have partnered with Aura Athletica, at the Powerplant Mall, which is the premier destination for fitness-fashion essentials, for a pop-up of our bestsellers.

At the event, an intimate beauty session was given by fitness designer and lifestyle coach, Nikki Torres, and professional makeup artist, Ara Fernando. Nikki shared how Eye of Horus satisfies and fits her lifestyle with its smudge-proof, sweat-proof, and waterproof qualities. "Your cosmetic choices are just as good as the food you eat," Nikki said as she emphasized on the importance of vegan products and how Eye of Horus shares the same sentiments. Ara also shared tips and tricks using Eye of Horus products for the fitness and beauty enthusiasts in the event. Both goddesses truly embody and live for the brand!

We are proud to be the first makeup brand to launch at Aura Athletica's beauty corner. You can now make Eye of Horus your workout partner when you purchase our best-selling Goddess Mascaras, Liquid Define Eyeliners, and Goddess Pencils there.

For all our green beauty fans, our Bio Lash Mascara is also available at Aura Athletica. What's more, a special treat for all of you - they are the exclusive retailer of our vegan and plant-based Bio Lipsticks to complete your total beauty look.

Shop your favorite Eye of Horus essentials now, we're available at Aura Athletica there for a limited time only!
